Our Mission Statement

To conduct case reviews of children in out-of-home care, make timely individual case and systemic child welfare recommendations; and advocate for legislative and systematic child welfare improvements to promote safety and permanency.

Our Vision Statement

We envision the protection of all children from abuse and neglect, only placing children in out-of-home care when necessary; and providing families with the help they need to stay intact; children will be safe in a permanent living arrangement.

Discrimination Statement

The Citizens Review Board for Children (CRBC) renounces any policy or practice of discrimination on the basis of race, gender, national origin, ethnicity, religion, disability, or sexual orientation that is or would be applicable to its citizen reviewers or staff or to the children, families, and employees involved in the child welfare system (CRBC, 2013).

Confidentiality

CRBC local board members are bound by strict confidentiality requirements. Under Article 88A, § 6, all records concerning out-of-home care are confidential and unauthorized disclosure is a criminal offense subject to a fine not exceeding \$500 or imprisonment not exceeding 90 days, or both. Each local board member shall be presented with the statutory language on confidentiality, including the penalty for breach thereof, and sign a confidentiality statement prior to having access to any confidential information.

Introduction

The following pages contain data from CRBC's out-of-home-placement case review findings and recommendations for the 3rd Quarter of Fiscal Year 2021.

CRBC conducts regular out-of-home placement case reviews in all 24 Maryland jurisdictions including Baltimore City throughout the year. For this quarterly report, the following counties did not have regularly scheduled case reviews during the quarter: Carroll, Cecil, Garrett, Somerset, Talbot and Worcester counties. Therefore, this report only contains review findings and recommendations for the 18 jurisdictions including Baltimore City that had regularly scheduled reviews.

Targeted Review Criterion

The Social Services Administration (SSA) and the Citizens Review Board for Children (CRBC) together have created a review work plan for targeted reviews of children in out-of-home-placement. This work plan contains targeted review criteria based on out- of-home-placement permanency plans.

Reunification:

- ★ Already established plans of Reunification for youth 10 years of age and older. CRBC will conduct a review for a child 10 years of age and older who has an established primary permanency plan of Reunification, and has been in care 12 months or longer.

Adoption:

- ★ Existing plans of Adoption. CRBC will conduct a review of a child that has had a plan of Adoption for over 12 months. The purpose of the review is to assess the appropriateness of the plan and identify barriers to achieve the plan.
- ★ Newly changed plans of Adoption. CRBC will conduct a review of a child within 5 months after the establishment of Adoption as a primary permanency plan. The purpose is to ensure that there is adequate and appropriate movement by the local departments to promote and achieve the Adoption.

Another Planned Permanent Living Arrangement (APPLA):

- ★ Already established plans of APPLA for youth 16 years of age and younger. CRBC will conduct a full review of a child 16 years of age and younger who has an established primary permanency plan of APPLA. The primary purpose of the review is to assess appropriateness of the plan and review documentation of the Federal APPLA requirements.
- ★ Newly established plans of APPLA. CRBC will conduct a review of a child within 5 months after the establishment of APPLA as the primary permanency plan. Local Boards will review cases to ensure that local departments have made adequate and appropriate efforts to assess if a plan of APPLA was the most appropriate recourse for the child.

Older Youth Aging Out

- ★ Older youth aging-out or remaining in out-of-home care at age 17 and 20 years old. CRBC will conduct reviews of youth that are 17 and 20 years of age. The primary purpose of the review is to assess if services were provided to prepare the youth to transition to adulthood.

Re-Review Cases:

- ★ Assessment of progress made by LDSS. CRBC will conduct follow-up reviews during the fourth quarter of the current fiscal year of any cases wherein the Local Board identified barriers that may impede adequate progress. The purpose of the review is to assess the status of the child and any progress made by LDSS to determine if identified barriers have been removed.

Permanency Plan Hierarchy

In 2005, Maryland House Bill 771 adjusted the state permanency goals to align with the federal standards. The permanency plan hierarchy in Maryland is as follows: (Social Services Administration, 2012):

- Reunification with parent(s) or guardian
- Placement with a relative for adoption or custody/guardianship
- Adoption by a non-relative
- Custody/Guardianship with a non relative
- Another Planned Permanent Living Arrangement (APPLA)

Family Centered Practice Model

According to the Social Services Administration, Family Centered Practice assures that the entire system of care engages the family in helping them to improve their ability to adequately plan for the care and safety of their children. The safety, well-being and permanence of children are paramount. The strengths of the entire family are the focus of the engagement (2010).

- Developmental/Special Needs: The local department reported that 6 of the 52 children/youths reviewed had developmental or special needs.
- Current Physical: 13 children/youths had a current physical exam.
- Current Vision: 12 children/youths had a current vision exam.
- Current Dental: 10 children/youths had a current dental exam.
- Follow-up Health Concerns: The local department ensured that appropriate follow-ups occurred on all health concerns noted by a physician for 8 children/youths requiring follow-ups.
- Completed Medical Records: The local department reported that 7 of the 52 children/youths had completed medical records in their case files.
- Prescription Medication: 17 children/youths were taking prescription medication.
- Prescription Medication Monitored: Prescription medication was being monitored regularly for the 17 children/youths.
- Psychotropic Medication: 12 children/youths were taking psychotropic medication.

- Psychotropic Medication Monitored: Psychotropic medication was being monitored at least quarterly for the 12 children/youths.
- Mental Health Issues: 35 children/youths had mental health issues.
- Mental Health Diagnosis: 33 of the 35 children/youths had a mental health diagnosis.
- Mental Health Issues Addressed: Yes, for 19 of the 35 children/youths.
- Mental Health Issues/Transitioning/Services: 5 youths with mental health issues who were transitioning out of care had an identified plan to receive services in the adult mental health system and 4 youths did not have a plan.
- Substance Abuse: 13 children/youths had a substance abuse problem.
- Substance Abuse Addressed: Yes, for 2 of the 13 children/youths.
- Behavioral Issues: 29 children/youths had behavioral issues.
- Behavioral Issues Addressed: Yes, for 16 of the 29 children/youths.

The local boards found that the health needs of 8 of the 52 children/youths had been met and 6 children/youths refused to comply with standard health exams.

Education

17 of the 52 children/youths reviewed were enrolled in school or another educational/vocational program. 15 of the 17 were in Pre-K thru 12th grade and 2 youths were in college. 15 of the 35 children/youth not enrolled in school or another educational/vocational program had already graduated high school, 15 refused to attend school and 5 were under the age of 5.

10 of the 15 children/youths in Pre-K thru 12th grade had a 504 or IEP plan and 5 had a copy of the 504/IEP plan in the child/youth's record.

A current progress report/report card was available for review for 6 of the 15 children/youths in Pre-K thru 12th grade.

The local boards agreed that 32 children/youths were being appropriately prepared to meet educational goals.

Ready By 21

- Employment (age 14 and older – 42 cases)

17 of the 42 youths were employed or participating in paid or unpaid work experience. 4 youths were unable to participate due to mental health reasons and 3 were in a correctional facility.

The local boards agreed that 17 youths were being appropriately prepared to meet employment goals.

➤ Independent Living Services (age 14 and older – 42 cases)

4 youths had mental health issues preventing them from receiving appropriate services and 3 were in a correctional facility.

The local boards agreed that 24 of the 42 youths were receiving appropriate services to prepare for independent living.

➤ Housing (Transitioning Youth – 25 cases)

(Age 20 and/or planning to discharge within a year from the review)

Housing had been specified for 8 of the 25 youths transitioning out of care.

The local boards agreed that 8 youths were being appropriately prepared to transition out of care.

Child's Consent to Adoption

The age of consent for adoption in the State of Maryland is 10. Children 10 and older must consent to be adopted. Of the 4 cases with a plan of adoption, 2 children were under the age of consent and consent was unknown for 2.

Adoptive Placement Services and Resources (4 cases)

Pre-Adoptive Placement (3 cases)

3 of the 4 children/youths with a plan of adoption were placed in pre-adoptive homes. The pre-adoptive family structure was comprised of a married couple in all 3 cases and the relationships to the pre-adoptive children/youths were non-relative foster parents in all 3 cases.

Lengths of time in the pre-adoptive placements were as follows:

- 4 case(s) 21 months or more

A home study was completed and approved for 2 of the 3 cases.

The local boards agreed that appropriate services and supports were in place for the pre-adoptive families to meet the identified needs of the children/youths in all 3 cases.

The local boards agreed that the pre-adoptive placements were appropriate for all 3 cases.

Adoptive Recruitment (1 case)

The local boards found that the local department had documented efforts to find an adoptive resource for 1 child/youth not placed in a pre-adoptive home. The adoptive recruitment resource was Adopt-Us-Kids.

The local boards agreed that the adoptive recruitment efforts were not appropriate for the 1 case.

Post-Adoptive Services and Resources (4 cases)

Post adoptive services were needed for all 4 children/youths. The services that were needed were medical for 3 cases, mental health services for 1 case, educational for 2 cases, respite for 1 case and DDA services for 2 cases.

The local boards found that the post adoptive services were appropriate for all 4 cases.

Miscellaneous Findings

Court Appointed Special Advocate (CASA)

1 of the 52 cases had a CASA.

Risk and Safety

The local boards agreed that safety and risk protocols were followed for 36 of the 52 cases.

Summary

Based on the findings of the review the local board determined that the local Department of Social Services made adequate progress towards a permanent placement (COMAR – 07.01.06.05 (F)) for 31 of the 52 children/youths reviewed.

Required Supporting Documentation for CRBC Reviews

The following are reminders of the materials required in accordance with the work plan agreement created between the Department of Human Resources (DHR), Social Services Administration and the Citizens Review Board for Children.

- Each (LDSS) is required to have access at the time of the review to the child's complete case records and/or records containing requested supportive documentation to present at all CRBC case reviews.
- Each (LDSS) should continue supplying CRBC with the most recent and current contact information including emails for all interested parties, including professionals and family members.

Recommendations to All Local Departments of Social Services (LDSS)

- Each (LDSS) should encourage the attendance of children and youth who are 10 years of age and older to attend his/her scheduled CRBC case review.
- Each (LDSS) should encourage foster parent attendance at scheduled CRBC case reviews.
- Each (LDSS) should improve their efforts with documenting concurrent permanency plans.
- Each (LDSS) should improve their efforts with getting parents to sign service agreements for those children/youths with a permanency plan of reunification.
- Each (LDSS) is required to include the paternal family members as possible resources for all children/youths who are in out-of-home-placement care.

Independent Living

- Each (LDSS) is required to improve their efforts with preparing youths that have a plan of APPLA to meet their employment goals.

Permanent Connections

- Each (LDSS) is encouraged to improve their efforts with identifying permanent connections for those youths with a plan of APPLA.

Adoption

- Each (LDSS) should ensure that age appropriate children/youths with a permanency plan of adoption are linked with adoption counseling services.
