A message from FIA Assistant Director, Jackie Byerly:

The FIA staff in Frederick County have done an amazing job dealing with all of the changes over the past year while we implemented new processes and workflows to better address the changing needs of our customers.

Every member of our Division plays a vital role in serving the vulnerable citizens of Frederick County and I am incredibly proud to be a part of such a resilient and dedicated team.

Thank you Frederick County FIA Staff for all that you do each and every day!
