

Somerset County

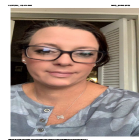

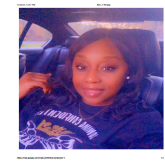

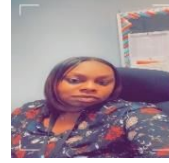

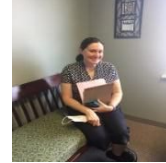

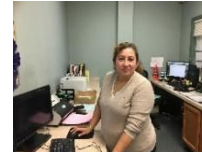

FIA has faced many challenges and we have had many hills to climb. But for every challenge and no matter how high the hills have been we have always stayed stronger together. Somerset FIA you are more than appreciated for all that you do, you are the best at what you do and it has never gone unnoticed. Your hard work, dedication, flexibility, stepping in where needed and most of all being so understanding is just some of the ingredients that makes you the best. Thank you so much for who you are, and as we continue to move forward with new changes always remember you are one of a kind the cream of the crop and the department that continues changing our community one customer at a time. Thank you for all that you.
