

Policy Subject:	Guidelines for Foster Care Board Rate and Expenditures
Effective Date:	July 1, 2019
Approved By:	Rebecca Jones Gaston, MSW  Executive Director Social Services Administration Stafford Chipungu, Chief Financial Officer  Budget Management and Finance
Policy Number:	SSA-CW# 19-16
Last Revision Date (s):	May 28, 2019
Originating Office:	April Edwards, LCSW-C Manager, Placement and Permanency Social Services Administration Department of Human Services Jeannette Jumbelick, LCSW-C Policy Analyst, Resource Homes Social Services Administration Department of Human Services
Supersedes:	SSA CW# 19-13
Program Affected:	Out of Home Placement Services and Resource Units

Legal Information & Purpose

Resource providers are partners with the Local Departments of Social Services (LDSS) in providing appropriate care for children in need of safe and stable homes. Resource providers supply daily essentials that are required for the attainment of optimum health, comfort, and good grooming of children and youth in care. The board rate is set by the Maryland Department of Human Services (DHS) and applies to public resource providers. In addition to the 1% increase to public foster care board rates provided in FY2019, the Governor's budget includes a 3% public provider rate increase for FY2020. The rate increase will be effective July 1, 2019.

Private Child Care Placement Agencies (CPA) which include group providers and private treatment foster care agencies, submit an annual budget to the DHS Office of Licensing and Monitoring (OLM) and the Maryland Interagency Rate Committee (IRC) which outlines the cost for all services provided for each child in a privately run program. Private agencies provide clothing allowances to their foster parents or youth on either a monthly or quarterly basis. Private agencies are provided sufficient funds within their monthly payment amount to cover the approved clothing allowance for children in their programs and are not eligible to receive additional clothing allowance funds from the LDSS.

The purpose of this policy directive is to provide detailed guidelines for resource providers (regular, intermediate, public and private treatment foster parents and group home providers) to utilize the monthly board rate payment which is paid on behalf of foster youth. In addition, this policy directive includes specific requirements for the distribution of the clothing allowance and the weekly monetary allowance which meets the basic needs of children and youth in out-of-home placement.

Policy

This policy is to provide detailed guidelines to Local Departments of Social Services and resource providers to receive the correct foster care board rate as well as the requirement distribution of clothing allowance and weekly monetary allowance which meets the basic needs of the children.

Procedural Guidance

Board Rate:

Per COMAR 07.02.11.39, the monthly board rate is to be used to provide care for foster children and youth. The following items are to be covered in the monthly board rate:

- Food (including infant formula);
- Housing;
- Utilities used by the foster youth in the home;
- Over-the-counter medication;
- Transportation and bus pass for older youth; please note: (long distance travel specific to the foster youth is not included in the monthly board rate);
- Fees required for extracurricular activities (school trips, etc.);
- Bedding (pillow, sheets, comforter);

- Gifts for special occasions (birthday and Christmas, etc.);
- Toiletry and personal care items (hair care, styling, feminine hygiene products and diapers); and
- Allowance

Mileage

Per COMAR 07.02.11.31 it is expected that resource providers provide transportation for a foster child or youth for routine and necessary appointments and activities. This would include all medical and mental health appointments, school activities, visitation and other extracurricular activities. When a public resource provider must provide special long distance trips (**more than 30 miles roundtrip**) on behalf of a foster child, the resource provider can request reimbursement from the local department of social services. These activities would include:

- Parent or relative visitation
- Sibling visitation
- Medical or mental health appointments
- Special school or extracurricular events

Clothing Allowance

The local department of social services is required to visit the child in the placement on a regular basis. These in-placement visitations shall include a clothing and personal care items review and inspection.

It is expected that, at minimum, the identified clothing allowance be used to provide the child with clothing and personal care items. Clothing allowances are set as a standardized portion of the monthly board rate issued to public foster care providers so that they may provide for the garments and personal care items required for each child. In addition, to the monthly board rate, there is also an initial **one-time** clothing allowance, categorized by the age of the child, which is available at the time of the initial entry into out-of-home placement and upon removals. There may be special circumstances such as graduation, proms or medically-related circumstances when special planning or even further assistance may be warranted and flex funds may be expended for these situations.

Because children are often placed into out-of-home placement on an emergency basis, shelter care may occur in the middle of the night. Often times, the sheltering occurs with the child having no more than the clothing they are wearing. The one-time allowance provides a means to help the resource provider supply immediate clothing and personal care items for the child. In addition, if needed, the local departments may utilize flex funds to purchase immediate clothing for the child. All resource providers are eligible for a one-time only clothing allowance per placement.

When DHS is providing a foster care board rate, including if an IRC rate is a blended mother-baby rate, on behalf of a non-committed baby placed with their parent who is a committed foster care youth, all the requirements listed below apply as to the care and support of the baby.

If the child is placed in a Residential Treatment Center (RTC), the RTC may bill the local department for a monthly clothing allowance not to exceed \$75. The caseworker must ensure that the funds are expended for this purpose. The LDSS shall not pay a monthly clothing allowance for youth who reside in a RTC pursuant to a voluntary placement agreement. It is the parents/guardians responsibility to provide clothing to the youth. The LDSS shall inform the RTC prior to placement that the LDSS shall not be billed for clothing and that the parent/guardian is responsible for the clothing. Minimum clothing allowance guidelines are as follows:

- Infants to age 5 = \$60
- Ages 6 to 11 = \$75
- Ages 12 and up = \$100
- All additional clothing expense is to come out of the monthly board rate

A suitcase or canvas bag (such as a large duffel bag) to transport clothing is considered an essential part of the things children in foster care should have. Plastic trash bags are not acceptable under any circumstances. The local department shall ensure that every child that enters out-of-home placement has a suitcase or duffel bag. This suitcase or bag shall travel with the youth to each placement.

Initial Placement

At the time of initial placement, the caseworker shall provide the resource provider with a copy of the Minimum Clothing and Personal Care Guidelines. The caseworker shall also inform the resource provider that meeting those guidelines will be discussed after a 60 day period.

Sixty (60) Days in the Placement

At the first home visit after the child has been in the placement for at least 60 days, the caseworker shall review the child's available clothing items to determine if the child's minimum clothing needs have been met.

Ninety (90) Days in Placement

If it is determined that the minimum clothing needs have not been met, the caseworker in collaboration with the resource home provider, shall develop a ninety (90) day plan to meet the minimum clothing guidelines. It is up to the discretion of the LDSS, to grant the resource provider up to 3 months of clothing allowance, if needed. While the resource provider shall be encouraged to meet these guidelines as soon as possible, consideration shall be given to staying within the monthly clothing allowance.

General Standards

Ownership of Clothing and Personal Items:

Any items that have been purchased by the resource provider (including extended family members), donated or gifted are to remain the property of the youth and shall travel with the

youth when a change in placement occurs. At no time shall a provider hold items belonging to the foster youth in exchange for damages. Any damages caused by the foster youth shall be reported to the caseworker and when applicable, a Foster Care Liability Insurance claim should be filed. In the event of a placement change, the caseworker shall make every effort to move all items belonging to the youth.

Multiple Placement Changes

Should a youth experience multiple changes in placement, all belongings are to travel with the youth to each placement. All decisions concerning whether clothing and personal items should be discarded is left up to the discretion of the youth. At no time, shall a caseworker not allow a youth to bring all their belongings with them. In the hospitalized or a respite care placement, the youth's belongings shall remain at the placement, pending the child's return. In the event the resource provider is not willing to take the youth back after a hospitalization or respite, the LDSS caseworker shall make arrangements to store the youth's belongings appropriately.

Clothing Storage by the Resource Provider

Resource providers are required to supply the furniture and sleeping arrangements for foster youth. Appropriate space for the youth to store clothing is required. At no time may the youth store clothing worn on a regular basis in suitcases, laundry baskets or plastic containers.

Hand Me Downs or Thrift Shop Items are Discouraged

Resource providers are discouraged from purchasing a foster youth's clothing from thrift shops or providing hand-me-down clothing. The Monthly Clothing Allowance which is part of the monthly board rate is to be used to purchase new items of clothing for the youth. In the event that a resource provider purchases a used item of clothing, the foster youth, must be in agreement. All personal items shall be purchased new for the foster youth and not shared by other members of the household or placement.

All Children Shall be Allowed to Assist in Picking out Their own Clothing, When Age/developmentally Appropriate

Older youth should be primarily responsible for the management and purchase of clothing and personal care items as part of their independent living service agreement. All youth should be permitted to select clothing that meets their own specific needs or ethnic or religious requirements, including pregnant youth and Lesbian Gay Bisexual Transgender Questioning youth.

Spending Money / Allowances / Savings

Each child/youth shall be given a minimum weekly allowance based on their age

- 5 to 7 = \$2
- 8 to 11 = \$5

- 12 to 13 = \$10
- 14 to 16 = \$15
- 17 and above = \$20

These amounts are minimum guidelines and may be increased depending on the children or youth's maturity, circumstances, and participation in household chore activities. The caseworker shall be consulted as to the appropriate allowance amount.

Allowances are not intended to cover items that would normally come out of the board rate such as toiletries. Resource providers are encouraged to establish savings accounts for children and youth. Monies in the accounts will accompany the child or youth upon their return home or to another foster care placement. Youth that are medically fragile or severely developmentally delayed shall still receive an allowance and the money shall be placed in a savings account.

Resource providers are encouraged to assist the child or youth with the purchasing of special occasion gifts for their foster family and birth family, e.g. Mother's/Father's Day, religious holidays, birthdays, and other special occasions.

Resource providers shall assist the child or youth with developing money management skills. This shall be essential for transitioning youth 14-21 years old. The child or youth's allowance shall be incorporated into the youth's spending plan. The spending plan is part of the transitional plan which will be incorporated into the Independent Living Service Agreement. The Casey Life Skills Assessment addresses budgeting and savings using the following goals:

- Is able to keep track of a weekly allowance;
- Knows and understands ways to save money;
- Is able to develop a savings plan;
- Can achieve a short-term savings goal; and
- Can achieve a long-term savings goal to help in the transition to self-sufficiency/self-responsibility.

Foster Family Care FY 2020 Monthly Board Rate

	Per Diem	Monthly Clothing	Monthly Board
Regular Care (Payment Category 2173, 7173)			
o Infant through age 11	\$29.16	\$60	\$887
o Age 12 and older	\$29.66	\$75	\$902
Restricted- Relative Foster Care (Payment Category 2173,7173)			
o Infant through age 11	\$29.16	\$60	\$887
o Age 12 and older	\$29.66	\$75	\$902
Emergency Care (Payment Category 2171, 7171)			
o Per Diem	\$31.84	\$0	\$31.84

	1 Pair Shoes
	1 Pair winter footwear

Alignment with Practice Model and Desired Outcomes

Maryland's goal is to ensure all children are placed in a safe and nurturing environment. This policy provides guidelines for the foster care board rate and expenditures to support the placement of a child while in care. This policy aligns with the Integrated Practice Model by

supporting our partnership with resource parents to ensure our commitment that the children's needs are met.

Documentation

- Board rate documentation
- Mileage documentation
- Documentation that age appropriate clothing has been provided by resource provider and documented in child's visitation contact note.
- Spending Money/Allowance/Savings
- Documentation of eligibility of treatment foster care as well as all treatment meetings and treatment plan review shall be recorded in MDChessie/CJAMS.
