QUESTIONS AND RESPONSES #3

Question 5: Could you please provide information as to what area(s) are in need of ILP for mother baby? After previously running a mother baby program for Pressley Ridge in Baltimore, my experience was the greatest referents were Baltimore City and P.G. County. Is the need for the ILP units in those areas based upon those areas being the jurisdictions with the greatest need?

Response: The Local Department of Social Services determines the need based on the youth that are coming into care in that particular jurisdiction. While Baltimore City and Prince George's is one of the largest counties, the need could be across the state.
